

Please don't take K-LOVE off the air. It is a wonderful radio station providing great music and information that my entire family can listen to without fear of hearing bad language or degrading remarks. My family has been listening to this station for the past five or six years and it would be a shame to replace it with other programming. I stopped listening to other radio stations because K-LOVE has them all beat hands down, no commercials, no bad language, lots of public service announcements, and a vast variety of music. Thank you.
